Weekly Activity Report # 41
6 - 13 October 1953

I. NEW ACTIVITIES

The Chief Instructor of the CPW Course has created an evaluation form which he will use to report the performance of students who took the course which finished last week. This form was discussed with [redacted] who approved it as an interim and somewhat experimental form to be used until a thorough study of the problem can be arrived at. This represents the first attempt to provide evaluations in the advanced courses given at Headquarters. It is expected that some kind of evaluation will be provided at the conclusion of the CE and CPO Courses currently in session.

II. OLD ACTIVITIES

Up until the last minute it was not certain that the [redacted] announced to begin 12 October would be given because the enrollment had fallen below the minimum required. However, seven students were finally enrolled and the course was not cancelled. Three of the students are from FM, one from FI, two from COMMO, and one from TR(S). Only three of the students are from a foreign division and they are all from WE.
